FRESH FISH

"Here at Jesse's we take pride in serving the freshest product available. This is the reason that you will not see any fish on our regular menu. We make every effort to get our fish daily directly from our local seafood suppliers. We also participate in the "Gulf Wild" program. This program provides us with a tag on each fish so that we can track where, when, and how it was caught. Please ask your server about tonight's features."

- Executive Chef Jeremiah Matthews
